

The pub is located in a 125 year old historic downtown Duluth building. During prohibition it is rumored to have been a holding station for illegal alcohol transported here on Lake Superior from Canada. The second floor was a mechanics shop that dabbled in running liquor distribution out of the alleyway. Boats would drop booze near Lemon Drop Hill on 26th Avenue East. The liquor would then be smuggled downtown to this building and shipped out the back to Minneapolis, St. Louis, and throughout the Midwest.

Our basement brewery is a three barrel system typically producing 60 gallons of beer at a time in two brewing vats using our small batch brewing process. Our boutique brewing process allows us to brew unique styles of beer larger breweries cannot.
